BOROUGH COUNCIL MEETS LAST NIGHT

Body Has Quorum Present, Consisting of President Hugh E. Fergus, Councilmen Tweed, Oates, Clark, And Risbeck

MATTER OF GRADESTALKED

Borough Engineer Instructed to Establish Grade in Apple Alley, Between Fourth And Fifth Streets—Discuss Grades, And Engineer Instructed

Council held a long session last night which was marked by considerable debate and consideration of various matters concerning the public weal. There were present Attorney Hugh E. Fergus, president of the body; Councilmen Thomas P. Tweed, John J. Oates, William C. Clarke, and George W. Risbeck, John F. Wall and Charles S. Van Voorhis being absent. William Parks of Isabella avenue, North Charleroi, was present in the interests of a garage which he wishes to construct. He had the sanction and confirmation of firemen in that the plans meet with the fire regulations, and permission to build the same was granted by council.

In the proposition of steps and a walk in Luella avenue, between Second and Third streets, it being stated there is no direct means of ingress and egress, the matter was referred to the street committee.

A citizen asked that a light be placed in Blythe alley and Fourth street to light the steps. A number of citizens are interested, ladies inclusive. The proposition was referred to the street committee.

The borough engineer was instructed to establish the grade in Apple alley, between Fourth and Fifth streets. This matter brought up considerable talk about grades and no grades, with the result that the engineer was instructed to furnish at the next session of the body a list of alleys and streets where there are no grade and no grades established. In the proposition of physical and established grades, information sent them can be secured through the borough engineer.

Burgess J. Bryant Tussing's report for the month of August, among other things, elicited: Number of arrests, 106; receipts, \$331.

An ordinance providing for the improvement of Oakland avenue through its paving, grading, and curbing passed first reading.

In an opinion handed down by Borough Solicitor David M. McCloskey, the attorney averred that the borough has the right to regulate gas tanks under sidewalks.

BANDITS WOUND SHERIFFS IN HOLDUP ATTEMPT

Meade, Kansas, Sept. 3. — Posses searched the surrounding country today for two bandits who escaped after seriously wounding two deputy sheriffs in an attempted holdup of the westbound Golden State Limited, crack Rock Island passenger train, here last night.

A third man, Albert Pizeno, was under arrest here, suspected of being the other bandit in the party.

A tip that the holdup was to be staged prevented the bandits from looting the mail car of more than a quarter of a million dollars, officials of the road said. The tip was received from a garage owner at Rossville, who found a note planning the holdup in his garage after three strangers who stopped for gasoline, had driven away.

COMPANY SUES A RESIDENT

The Brownsville Construction company has filed a suit against Joe Kovach of West Brownsville, administrator of Steve Takacs, late of West Brownsville, to recover \$84.08 with interest from September 2, 1923. This sum is alleged due for building materials furnished Takacs during his lifetime.

Helen Zogg, of Avella, has filed a suit in divorce against Ralph Zogg, in which she alleges desertion. They were married at Cumberland, Md., on January 10, 1922. He deserted her on May 2 of that year, at Wellsburg, W. Va.

Bamfer of Uniontown, has filed a suit against Joseph Murray of Trafford City, in which he claims \$5,000 damages for personal injuries and the wrecking of an automobile on the Pittsburgh-Washington road between Meadowlands and Houston, on October 29, 1923. In that accident Mr. Bamfer was badly injured about the face, his salivary gland being cut, his face cut, and his back hurt. The injury to his face, he avers, has left a scar. He claims the defendant was driving on the wrong side of the road, in a reckless manner, paying no attention to the approaching traffic. The plaintiff avers he tried to avoid the head-on collision, but that the defendant drove into his, the plaintiff's, car.

Women Plan Active Part In Campaign

Under the leadership of Mrs. T. L. McCullough, of Midway, vice chairman of the county committee, the Republican women of Washington county are preparing to take an active part in the campaign in this county to roll up a big majority for Coolidge and Dawes and the entire Republican ticket.

At an enthusiastic meeting of women held in the public meeting room of the court house yesterday afternoon, a Washington county Coolidge and Dawes club was organized and plans were laid for forming branch organizations in every town in the county.

The meeting was presided over by Mrs. T. L. McCullough and addresses were made by Miss Lola Walker and Mrs. Clifton Verner, of Pittsburgh. Both speakers gave enthusiastic talks and pointed out the necessity for organization if the party is to do its duty by the ticket. The importance of the election of members of Congress to back President Coolidge was strongly emphasized and a strong plea was made for the re-election of Congressman Henry W. Temple, who, Miss Walker declared, is one of the most valuable members of congress and last term stood loyally back of the President in his effort to put through his program. Glass Company Official Seeks Surcease From Pain Through Suicide

William E. Deiters, aged 53 years, superintendent of the decorating department of the Fort Pitt Glass company, a well-known designer, decorator and engraver of more than ordinary ability, sought death yesterday afternoon by his own hand.

Shortly before 2 o'clock he was found dead in a room near his office in the Fort Pitt factory in Lincoln Avenue Extension, with a bullet wound in his head. He had evidently placed the revolver muzzle back of the right ear when he fired the bullet, causing practically instant death.

The reason for such action is believed to have been caused by constant and intense pain and worry over his rapidly failing eyesight.

Mr. Deiters leaves his wife, Mrs. Sarah Deiters, son Edward, daughter Hazel and his aged father, William Deiters, all of this place.

The body will be removed to Wheeling, his former home and birthplace, where funeral services will be held Thursday afternoon at 2 o'clock, followed by interment in the Mt. Hope cemetery, of that place.

RECORD ATTENDANCE AT THE PALACE THEATRE WITNESSES BEST ATTRACTION IN YEARS

The Palace Theatre has been packed to overflowing since its opening, and the appreciative audience that have been in attendance have been loud in their praise of the excellent Vaudeville, and the magnificent dramatic production, "THE UNKNOWN PURPLE," which is by far the finest photo-play that has ever been booked for the beautiful Palace Theatre in years. This production, it can be truthfully said, is one of the most unusual mystery dramas that has come to the silver screen in a long time. There is one scene, where the purple light falls on the screen with all its seemingly fateful significance, which created awe, and was watched with bated breath by the big audience. One must see this wonderful spectacle to appreciate the real worth of this glorious attraction. Tonight

ness this banner Vaudeville and photo-play attraction as a new offering will be presented to the patrons commencing Thursday night. By all means arrive at the theatre early to be assured a seat. 76t1*

SEARCH FOR A WOMAN BEING INSTITUTED

Police of Monessen and the upper Monongahela valley are conducting a search for Mrs. Ethel Elder 35 years old, of Kenneywood Park road, who disappeared from her home last Friday. Her husband Fred Elder, fears foul play.

The woman is said by the minions of the law to have attempted to take her life on Tuesday, August 19; but the husband stated that the woman has apparently been happy of late, and ascribes the attempt to melancholia.

Mrs. Elder went to Homestead to purchase groceries, since which time she has not been seen, according to report.

FLYERS PREPARE FOR FINAL DASH TO CITY OF BOSTON

Hawkes Bay, N. F., Sept. 3.—America's around-the-world flyers, now within two days of the flying time of their home country, jump from Hawkes Bay to Pictou Harbor, Nova Scotia, today preparatory to their final dash to Boston.

The armen flew yesterday from Ice Tickle Harbor, Labrador to this port, swooping down across Labrador and Newfoundland through fogs and head winds. They tuned up their machines and refueled last night and were in readiness for the get-away today as soon as weather conditions were reported favorable.

Both Lieuts. Lovell Smith and Erik Nelson, the only two of the four original armen who have made the continuous flight, were anxious to get to Pictou Harbor today to greet their comrades, Lieut. Leigh Wade, who will rejoin the flight there and continue with it back to Santa Monica, from which the world girdling effort started last March.

Wade lost his plane on the flight from the Orkney Islands to Iceland but has received a new machine at Pictou.

Yesterday's flight was without incident except over the Belle Isle straits and along the coast of Newfoundland where the armen encountered rain, fogs, and a strong head wind. They drove through, however, and were given an enthusiastic greeting as they alighted on the bay here.

SUPERSTITIOUS OVER VOLCANIC ERUPTIONS

Result of Pele's Wrath in 1824, Hawaiians Believe.

Hilo, Hawaii.—Science and superstition vie with each other in explaining the present unusual activity at the Halemauau firepit of the Kilauea volcano.

Science in the person of Roy Finch, temporarily in charge of the volcano observatory at Kilauea, advances the theory that tons of rock, avalanched down from the sides of the crater, have choked the vent through which Mother Nature usually eases the pressure on the earth by pouring forth surplus lava into the great pit, raising the lava lake in the crater and withdrawing the heavy coils once from the crater when pressure has been more than relieved.

The lava underneath the surface, unable to find its way into the open, generates gas which blows its way out of the vent, carrying with it tons of rocks and dust. The explosions and earthquakes shake down further avalanches from the crater sides, which again may block the vent in an unending circle, according to the theory.

But the Hawaiians have returned to history and tradition, to the act of the brave Kapolani, the Christian princess who dared the wrath of Pele, the fire goddess, exactly 100 years ago. They say that Pele waited a century to become "huhu" or angry, with the people of the princess and to vent her wrath for Kapolani's impious act.

In December, 1824, the tale runs, the Princess Kapolani, converted to Christianity by the first missionaries who came in 1820, forsook the worship of her people. She journeyed from Hilo to Kilauea and spent the night in a hut on the brink of Halemauau. She ate of the "tabu," or forbidden berries, which were consecrated to Pele, an act of insult to the goddess. She stood on the brink of the crater, with its ever-active lava lake below, and cried to Pele: "Jehovah is most powerful, Jehovah is my God. I defy thee, Pele." Hawaiians stood in awe while she spoke. Pele, they said, would surely rise in her wrath, make the earth tremble and cast forth the seething lava of her lake, as she did in 1790 when the army of the high chief Keoua was annihilated. But nothing happened.

Kapolani had won a great moral victory, but today the Hawaiians shake their heads, some of them saying that Pele merely waited 100 years to open her campaign of vengeance.
